FUTURE GROWTH OF REDWOOD CITY SECURE

Hetch Hetchy Water Supply Will Greatly Add to Redwood City's Development

The big pipe of the Hetch Hetchy being brought to Redwood City every day and put down is a harbinger of a sufficient supply of water for this locality which in a short time will be drained by the big demands of the increasing population. All the wells of the Santa Clara Valley are being emptied and in a short time the water supply will be negligible. The Hetch Hetchy will then be welcomed as a life saver for the orchardists and others.

With the construction of the Dumbarton bridge and the completion of the cement plant who can estimate the possibilities of Redwood City The cement plant is in course of construction, work on the bridge is to start after the first of the year, and the pipe line is being put down so that these enterprises are in actual operations, Redwood City need have no doubt about its future.

INFANT DAUGHTER OF RANCHER DIES IN MOTHER'S ARMS

A frantic but fruitless attempt to save the life of their only child, a twenty-one months old daughter brought Andrew Romer and his sorrowing wife to Redwood City Thursday with the baby in their arms. Stricken suddenly with a sickness they did not understand, the Romers rushed to town for medical assistance for the little one. Their trip was in vain, however, for the doctor found the little body lifeless when they arrived. It was taken to one of the local undertakers. Death is thought to have resulted from too rapid growth and swelling of the glands in the neck. The Romers are ranching at La Honda.

CONCENTRATED CITIZEN OF SAN CARLOS TO VACATION

Postmaster station agent, secretary of the fire board, leader in the Parent-Teachers' Association, and holder of many official titles in his community, John E. Cowgill of San Carlos this week took a vacation from all of his various offices and will spend the next four weeks in visiting points of interest in the state, and in leisure at his San Carlos home. For some time past it has been a problem of the various companies and associations with which he is connected, to find a man to take his place. The matter was finally given up in despair. A man was finally found in the person of H. H. Bunds, however, who was competent to fill two of the necessary offices, that of station agent and postmaster. Mr. Bunds was for many years the holder of both titles at Edna, California, where the post-office and railway station are in the same building, as they are at San Carlos.

The other positions, however, which are filled so capably by the San Carlos "Concentrated Citizen" will have to remain vacant until he returns, as no one could be found to fill them all.

DEATH OVERTAKES S. F. MAN ON BAY BOAT

While enroute from San Francisco to Redwood City on a barge loaded with hay Frank Walsh, a public weigher of San Francisco, died of pneumonia last Monday. The man was missed by the crew of the boat when it was about opposite Coyote Point. A search resulted in the body of Walsh being found on the load of hay. The body was brought to the James Crowe Undertaking parlors here, and Dr. J. P. H. Dykes was called upon to perform an autopsy. He diagnosed the case as pneumonia.

Walsh was konwn to many on the peninsula. He is survived by two sisters, Mrs. J. J. Egan and Mrs. G. H. Holland, both of San Francisco. The body was sent to San Francisco for burial

P. G. E. TO SUPPLY NEW RUNNYMEDE TRACT

The Pacific Gas and Electric Company is preparing to extend power lines along Poplar street in Runnymede to supply J. E. Reiter with electrical energy for a sixty horse power pump.

In addition to supplying service for this pump, which will be used for irrigation purposes, the new line will serve a new tract which is being subdivided to be placed on the market.

SALARY OF REDWOOD CITY POLICE FORCE INCREASED

Revenue of this Branch of the City's Government Greater Than the Expense

Nothing can better illustrate the prosperous condition of Redwood City, that the raising of the pay of all the members of the police force from $150 to $175 per month. This action was taken by the trustees at their last regular meeting, because it was found that the revenue from the department was greater than the expense. The sum of $3,288 remained in the town treasury after paying the expenses of the department. It is thought by many that a surplus may develop in the tax fund sometime and taxes will be reduced. The latter circumstance, however, has not yet occured.

MEZES ESTATE AT BELMONT SOLD THIS WEEK

The four hundred acre holding of the Mezes estate at Belmont was sold this week to a syndicate of capitalists of Los Altos which is to develop the choice property. The land is located on the wooded and sloping hills back of Belmont, adjoining the old Sharon estate recently purchased by the Sisters of Notre Dame Academy of San Jose. The land is nicely located for home sites and no doubt it is the intention of the buyers to subdivide and sell the property for small acreage homes.

Miss Constance Drathman entertained a number of her young friends on Saturday evening. The guests were: Misses Margaret Rice, Marjorie McLeod, Margaret Kirste, Ruth Kirste, Constance Drathman, and Messrs. Norman Jones, Robert Gowen, Ralph Wittenberg, James Taylor and Norman Hess.

You will have to do more than wish everybody well if everybody is to do well.

Mrs. Mary O'Brien Dies at Home of Her Daughter

Mrs. Mary O'Brien, mother of Mrs. P. A. Ryan of this city, passed away at the home of her daughter last Wednesday at the age of 80 years. The deceased was a native of Ireland, but had made her home here with her daughter for many years. She was the wife of the late William O'Brien, and mother of Mrs. Catherine Murphy, Mrs. P. A. Ryan, Sister Mary Rose and Sister Mary Cecelia of the Sisters of Mercy, W. T. O'Brien, Mary O'Brien and the late T. J. O'Brien.

The funeral will be held today at 10 o'clock from the home of the family at 505 Marshall street, thence to Mt. Carmel church where a mass will be celebrated for the repose of her soul, and will be followed by interment at Holy Cross cemetery Colma. The funeral will be conducted by the Layng & Tinney Undertaking Company.

His death preceeded by a stroke of paralysis three weeks ago, Lewis J. Winn, for many years a resident of Redwood City, passed away at his home on Winslow street last Monday. Winn was a native of New York and was 79 years of age. Since coming to this city fifty years ago he has followed the carpenter trade.

The deceased is survived by his wife, Mrs. Minnie Winn, and one son, George H. Winn, a resident of Vancouver, B. C.

The funeral was held last Wednesday from the residence on Winslow street, and was conducted by the Layng & Tinney Undertaking Company, and the service was in charge of Rev. Owen of the local M. E. Church. Interment was in Union cemetery.

SECOND JURY DISAGREES IN R. R. DAMAGE SUIT

For the second time a jury returned without having a verdict in the damage suit filed by Mrs. Helen S. Moons against the Market Street Railway Company following the accident at the San Bruno crossing in which her husband, Merle B. Moons was killed October 1922.

The matter came to trial last September, but the jury failed to reach an agreement, and it was set for trial this month, but no better results were obtained. It is said that the jury stood seven to five in favor of Mrs. Moons.

"JOHNSON FOR PRESIDENT CLUB" FORMED; ENTHUSIASM INTENSE

Two meetings called by Mrs. Geo. A. Kneese for the purpose of endorsing Hiram Johnson's candidacy for president of this country were held at the supervisor's room of the court house last Thursday night. The first meeting was that of the Republican Central Committee, which went on record as favoring the candidacy of Johnson for president. The committee's meeting was immediately followed by the organization of a "Johnson for President Club" which then proceeded to elect officers. The officers selected by the club were as follows: president, R. E. Miller of Atherton; secretary and treasurer, Mrs. Geo. A. Kneese of Redwood City; vice-president 1st. Township, H. H. Smith of Daly City; vice-president, 2nd Township, J. S. McCurdy, of San Mateo; vice-president 3rd. Township, Henry Beeger of Redwood City; vice-president 4th Township, A. S. Hatch of Halfmoon Bay; vice-president 5th Township, J. C. Williamson of Pescadero.

The meeting, the success of which was due to the efforts of Mrs. G. A. Kneese, was one of enthusiasm. Speeches were made by several of those present, including Horace Amphlett, editor of the San Mateo Times, and J. E. McCurdy San Mateo attorney. Cards were signed by the following persons, pledging support to Johnson in the coming campaign.

B. C. Zimmerman, J. R. Duffy, A. McSweeney, Mrs. Catherine Bain, J. F. McCann, W. W. Byrne, Eric Thompson, Louis Nava, Sebastian Lombardi, Miss Nettie Willits, J. J. Hahir, Roy W. Mingins, W. T. Burglar's Sentence Postponed for Two Weeks

The court postponed the sentencing of Warren G. Elliott, detected commiting burglary at Lomita Park some time ago, for two weeks. In the meantime the case will be investigated by the county probation officer, Francis Rapp. The case of the man who, is now in the jail here, is somewhat out of the ordinary, in that he is a hero of three of the large battles of the late war, and is said to have been in search of something to eat at the time he was apprehended. Elliott carried a pistol which he said he bought to commit a hold-up, but later lost his nerve.

An investigation made by the sheriff's office since the postponement, however, has disclosed the fact that the burglar has served a term for burglary at Vallejo, and is also wanted as a deserter from a naval station. The indentification was made by means of finger prints.

MOTHER OF MRS. M. E. RYAN DIES IN SAN MATEO SUNDAY

A pioneer of San Mateo county, having resided in the Homestead district of San Mateo for over fifty years, Mrs. Anne Britt, mother of Mrs. Mark Ryan of this city passed away at her home last Sunday. Mrs. Britt was a native of Ireland, and the widow of the late Patriek Britt who passed away about eighteen months ago.

The deceased leaves besides her daughter here, two daughters, Miss Sarah Britt and Miss Ella Britt, and three sons, Joseph, Thomas and Richard Britt.

The funeral was held last Tuesday from her late residence in San Mateo thence to St. Matthew's Catholic church where a requiem mass was celebrated, and was followed by interment in St. John's cemetery.

TANFORAN RACES POSTPONED TODAY ON ACCOUNT BIG GAME

Owing to the big football game at Berkeley today when countless thousands will attend the contest from all portions of the state and particularly from the bay counties, there will be no races at Tanforan today. They will take place tomorrow when a fine program has been arranged by the management. The best horses of the track will race. It is predicted that the largest crowd of the season will attend "the sport kings" tomorrow at Tanforan. The management has arranged to handle the big throng.

Red Cross Field Covers the World

Represented by 93,668 members, the American Red Cross penetrates to nearly every part of the world. The insular and foreign roll call statistics for the past year are a most conclusive manifestation of the Red Cross spirit carried into the most remote lands. In Europe there are 4,088 members; in Turkey, and active in the Constantinople Chapter, 3,545. China has an enrollment of 2,252; Africa, 136; India, 224, and Australia, 29. Even Vladivostok, in frigid Siberia, has a live chapter with 100 members. The Philippine Islands can mobilize 58,747 under the Red Cross banner and Hawaii 7,863. The total funds raised through foreign and insular membership enrollment and sent to national headquarters in Washington mounted to $60,216.54, while an additional $33,350 was forwarded for the endowment fund of the American Red Cross. The high seas roll call in 1922 was an inspiring success. The Navy signed on 4,331 for the Red Cross and the merchant ships 4,141. Of the total membership outside the United States 83,990 are registered with chapters in foreign lands, the insular possessions and dependencies.

"I want to; therefore I can!" is the spirit that spurs the Red Cross worker in well-doing.

The Woman's Auxiliary of the local post of the American Legion are greatly encouraged in their drive for articles with which to outfit Redwood City's room at the base hospital at Menlo Park. The ladies are still in need of additional funds in their efforts. Anyone desiring to contribute should communicate with Mrs. Frank Bloomquist.

The Congregational Aid Society will hold an apron and food sale on December 8, in the store recently vacated by Hull Bros.

AUTOS BUMP AT ATHERTON

A car belonging to Mrs. Lowsher of 543 Melville street, Palo Alto, and one belonging to H. E. Bock of 940 Kearney street, San Francisco, were found last Monday morning by the police of Atherton, both demolished by a collision that had occured in the night. Investigation disclosed that no one was injured, as was first thought possible from the condition of the cars. The report at first circulated that identification had been removed from both cars was without foundation in fact. The report started in the fact that Mrs. Lawsher's car was newly purchased and was not yet supplied with license plates.

Love may be blind, but the jealous kind sees green.

APPRECIATION BY OTHERS EVEN HELPS THE EDITOR FOR HE IS HUMAN, TOO

Early Resident of San Mateo County a Subscriber Since 1868

San Mateo, California.
Nov. 20, 1923.

Times-Gazette,
Redwood City, Calif.
Gentlemen:

I will inclose check for subscription to your valuable paper from January 1st. to January 1st., 1924.

My first husband, Lester P. Cooley, subscribed for this paper when we first became residents of San Mateo county in 1868, January of that year, when he purchased the beautiful Ravenswood ranch and which I and my sons held until 1910. We have been constant subscribers to this paper.

Yours very truly,
MRS. GERTRUDE E. FRISBIE

Newsy Briefs from Woodside

J. J. Fagin is having numerous alterations and additions made to his house here during his absence in the city for the winter.

Lester G. Burnett and family, who for two years have been occupying the Greer place, known as the "Adobe Corner," are preparing to move to one of Fred Mighall's cottages on the Highway.

W. D. McCann is having two new wells dug, together with a tunnel one hundred feet long connecting the wells. These will make a total of seven wells in use on his "Bubbling Wells Farm." His place is not far from where the Hetch Hetchy pipe line comes through the hills. If he could connect one of his tunnels with a tap in that pipe he need have no further worries on the water question.

Samuel Pond has remained with us longer than most of our summer residents but he is preparing to return to the city on the first of the month.

Mr. and Mrs. Jos. L. Ross, Jr., and Mr. and Mrs. Ed. Swan motored to San Bruno on Thursday night to visit Mr and Mrs. Harold Allen, formerly of Woodside.

Charles T. Bradley is preparing to perform his annual task of building a boat for his summer resort on Lake Tahoe. Each year he has sent one or two boats of his manufacture to the resort so that he now has a considerable fleet on the blue waters of the lake.

Coyotes are more numerous in Woodside this winter than at any other time during my seventeen years residence here. On these moonlight nights especially they mount the knolls and tempt the dogs of the neighborhood to a contest of voices that is not conducive to peaceful slumber for a light sleeper.

On Tuesday night, while waiting to receive a concert over Joe Ross' radio, we picked up Birmingham, Alabama, and Cleveland, Ohio. I am aware that this is no record as some Woodside sets pick up New York with regularity. But at that, when you look at the map, from here to Birmingham or Cleveland seems a pretty long distance over which to hear a man's voice in the tones of ordinary conversation.

NOTES FROM BELMONT

Mr. and Mrs. Clarence Swanson of Los Angeles were the guest of Mrs. Fred Johnson last week.

Miss Christine OBrien spent the week-end in Sacramento visiting friends.

Three interesting plays will be given by the Dramatic club at the school house this evening. Proceeds will be added to the Tennis court fund.

Mrs. Thomas Moran visited Mrs. Cosgly in Burlingame last week.

Mrs. W. J. Johnson entertained the Sewing club at her home Thursday afternoon.

Mrs Raymond Kelley visited with friends in San Francisco Thursday.

The Native Daughters held their regular meeting on Thursday evening. Election of officers for the coming year was the important business of the evening.

W. A. Crowell has returned from a visit with his son-in-law and daughter, Mr. and Mrs. Lionel DeYoung in Los Angeles.

Sequoia Chapter O. E. S. held an initiation of candidates on Monday evening. The initiation was followed by a social time and refreshments were served. A practice meeting for the new officers will be held Tuesday evening, in preparation for installation. It is desired that all be present.

"SANDY" McPHERSON ANSWERS SUMMONS

Former Proprietor of the Times-Gazette Passes Away in Santa Cruz

Word was received this week of the death in Santa Cruz of Alexander, better known as "Sandy" McPherson, retired newspaper man of Santa Cruz. McPherson was formerly the editor of the Gazette, which, with his brother, Duncan, he purchased in the early seventies. The two McPherson brothers successfully managed the Gazette for several years when "Sandy" sold his half interest to Duncan, who continued as the proprietor until 1876. In the later years McPherson sold the paper to Lawrence & Byrnes, who employed Alexander McPherson as manager. The editor at this time was H. N. Nutting.

After three years McPherson left the management of the Gazette and was employed on the San Francisco Chronicle for seven years, after which he left for Santa Cruz where he since made his home.

McPherson is survived by his wife and son, Edward, his brother, Duncan, proceeded him to the grave some time ago.

PLANTIFF ASKS DISMISSAL OF ACTION FOR DIVORCE

Motion for dismissal of the suit of Mrs. Grace M Cavanagh asking a divorce from Thomas A. Cavanagh, of San Mateo, was filed in the Superior court here Wednesday by Attorneys Ross & Ross.

In the complaint filed November 3, Mrs. Cavanagh alleged a series of abuses, including the charge that she was thrown from her bed and beaten by the contractor and that he once hurled a chair at her.

She asked that all community property consisting of property here and interests in building contracts be turned over to her uses and that she be granted alimony of $250 per month. The couple were married in Redwood City Sept. 30, 1922, according to court records.

SEQUOIA HIGH SCHOOL NOTES

By Carmen Modi

More boys are coming up to the scholarship society's standard this term than before, and Mr. Meyers, faculty adviser for the society, reports an increase of almost twenty per cent over the membreship of last term. This fact is considered encouraging by Mr. Myers and Mr. Argo.

The members are Marguerite Arends, Margaret Bolt, Bernice Bernasque, Eleanore Bomberg, Alex Boodberg, Alma Brascesco, Aurelia Brown, Dorothy Brooks, Burton Cairns, Ruth Chapin, Dorothy Chilcott, Grudetta Chearle, Etta Clark, Victoria Converse, Gladys Cronk, Sue Curtis, Lillie Deluchie, Eleanore Doxsee, Beatrice Ellis, Erma Follette, Helen French, Eugene Goldrup, Artha Gordon, Christine Graves, Gertrude Hadley, Roland Hedge, Margaret Heiner, Georgianna Hoenck, Margaret Hoenck, Florence Johnson, Frances Johnson, Janette Johnson, Robert Johnson, Francella Joy, Margaret Kalenborn, Jack Kellog, Marjorie Klee, Lois Leary, William Leggett, Bernice Martin, Dreio Moyano, Michika Miahida Forestal O'Connell, Ferdinand Ruling, Delphine Simmons, Mary Stroni, LeRoy Stransky, Elbert Thomas, Thelma Thomas, Thorton Ford, Alfred Walker, Kathryn Webber, Ruth Whitehead.

REDWOOD CITY PROVES TO BE "BAD MEDICINE" FOR TRAMPS

The usually healthy climate of Redwood City has failed to impress seven members of the vagrant fraternity, who claim that Redwood City is the most unhealthy place for knights of the road they have yet encountered. The men who appeared before City Recorder Mansfield were: Andrew Hatala, 23; Charles Nicholas, 28; Bill Dennis, 22; Donald Beard, 18; Harry Tucker, 25; Joe Brand, 25; and George Speaks, 24. The latter, found to be carrying a membership card in the I. W. W., was given a six month's suspended sentence and told to leave the city within 24 hours. Jail sentences of varying lengths were assigned to others of the party.

The men, all knights of the road, according to police, are the first haul of the regular winter round-up, which is to be prosecuted with vigor in the county seat, according to Police Chief C. L. "Mickey" Collins.

LOS LOMITAS P. T. A. NOTES

The Los Lomitas Parent-Teachers Association executive committee, consisting of the officers and the heads of all standing committees met Friday afternoon to effect a social organization, and to clear up some of the routine of business which takes so much time at regular meetings.

Education week observance was held Friday evening in the Las Lomitas school house, and consisted of a talk by L. S. White of Los Altos and community singing.

THE TEACHER'S CREED

Today is the last day of American Education Week. The teachers in the various schools have been talking to their children about the value of an education. The newspapers of the land have stressed education every day this week. We felt that it would be a good thing for every citizen to read the "Teacher's Creed," by Edwin Osgood Grover. It is as follows:

"I believe in boys and girls, the men and women of a great tomorrow; that whatsoever the boy soweth the man shall reap. I believe in the curse of ignorance, the efficacy of schools, the dignity of teaching, and the divine joy of serving another. I believe in wisdom as revealed in human lives; in lessons taught not so much by precept as example—in ability to work with the hands as well as to think with the head, in everything that makes life large and lovely.

I believe in beauty in the schoolroom, in the home, in the out-of-doors, in every-day life. I believe in laughter and love and all ideals and distant hopes that lure us on. I believe that every hour of everyday we receive a just reward for all we are and all we do. I believe in the present and its opportunities, in the future and its promises and in the divine joy of living."

A MESSAGE FROM TREASURER MELLON

We felt that the following message from the Secretary of the Treasurer was worth giving to our readers. We believe in thrift. We hope that every reader of the Times-Gazette who has a boy or girl will read this aloud in his family.

Every boy and every girl must have certain assets to achieve success—not material assets alone, but assets of character, and among the most of these are ambition, industry, personality, and thrift. Ambition is the will to attain somehing. The desired object may be knowledge, or honor, or power, but whatever it is, the ambition to reach it must be backed up by the willingness to work for it. Mere wishes accomplish little without the aid of earnest application and industry. The asset of personality is more elusive and seems to be born in some people without any effort on their part, but on the other hand it may be acquired by everyone who will concentrate on his career and not let it be marred by carelessness and indifference. To save part of what one earns is another vital element in a successful life. Savings are not only insurance against the turns of fortune, but also a means of seizing golden opportunities, which are so often lost through the lack of a small amount of capital. This brief sketch of some of the necessary qualities should be enough to show that there is no easy road or short cut to success. It means constant hard work and saving, and many sacrifices, but it is really worth them all through the ultimate feeling of accomplishment and the lasting happiness which brings to its possessor.

A. W. MELLON,
Seretary of the Treasury.

TUNNELING A MOUNTAIN

The people of Halfmoon Bay are actively at work agitating the matter of constructing a tunnel through the mountain on the Halfmoon Bay-San Mateo road. We can think of nothing which would so improve the coastside of San Mateo county as a project of this kind.

While the cost will be high, it would be justified in the saving afforded to all residents of the coastside of San Mateo county. While the present road over the mountain is in splendid condition and the grade is not heavy, a level tunneled road would cut out all of the dangerous corners and would materially lessen the distance and time between the coastside and the communities on this side of the county.

We are not sure just how a project of this kind could be financed, but a bond issue would be the equitable way of handling the subject. We hope that the Three Cities Chamber of Commerce will father the project and carry it through to a successful completion.

ACTORS RISK LIVES IN MAKING GREAT PICTURE

Hazardous Feats Dared for Realism in Filming Owen Wister's Fiction Masterpiece

Actors, risking life and limb and even death in the taking of realistic scenes of a big picture, pass through exciting moments registered by the camera but never shown to the public, according to Tom Forman, who filmed the Preferred Picture, "The Virginia," which will be showed at the Sequoia theatre next Monday and Tuesday, November 26 and 27. Hazardous feats mean numerous failures before they are performed in a manner suitable for the public eye and it is in the failures that the actors have the narrow escapes.

Here are a few "exciting moments" in the making of "The Virginian" that proved a trifle more than exciting to the participants:

Kenneth Harlan shot himself, accidentally during the street duel scene, in which, as the Virginian, he kills "Trampas," a cattle rustler. Production was halted for a week pending his recovery. Harlan also received a ducking in a rushing mountain torrent when his horse stumbled and fell.

Florence Vidor narrowly missed death, when as 'o'Mily Wood" she took the ride in the old stage coach driven by a "drunken" cowboy. One of the wheel horses fell in a dash to a dangerous ford, injuring the horse and nearly upsetting the vehicle. Director Forman would not allow her to ride in a second trial trip and this time the coach did overturn. On the third attempt Miss Vidor and the stage got through the scene without mishap.

Russell Simpsin, miscalculating the time of his horse's fall in a scene which shows him escaping from a posse, was thrown headlong, luckily escaping with whole bones.

MERCHANTS OF PALO ALTO TO HOLD XMAS PARTY

Plans for the second Christmas party which is to be held in Palo Alto on December 7 are rapidly taking form. It is expected that the party this year will eclipse that held in 1922 when some fifteen thousand people thronged the streets in responce to the Merchant's invitation to "Be Our Guests."

Several events of last year will be much improved at the coming Christmas party. There will be music everywhere in the business district. A band will march through the section throughout the entire evening and two dance orchestras will be placed at various stations finally stopping at Emerson street where a monstrous dance will take place on the street. The pavement will be washed, well waxed and roped off to keep the non-dancers from intruding.

On High street, another street dance will take place, there to the strains of music by radio. Individual orchestras will be found in various of the establishments as features of their entertainment.

Merchants are laying plans for unique stunts and demonstrations.

Give Quick Relief

Christmas decorations will be found everywhere and every store window will tell an interesting story, for the most part one with Christmas interest.

The gifts will be more elaborate than ever before. Several thousand dollars have been expended by the merchants on presents for their guests. The Merchant's Association has again decreed that nothing shall be sold, nor solicited. It promises to be even a more gala affair than it was last year and the invitation of the merchants to "Be Our Guest—Dec. 7" is one well worth heeding by those interested in a good time and in the Peninsula's progress.

NEW MODEL STAR ATTRACTS ATTENTION

The 1924 Star car which is on display in the new display room recently fitted out by Earl Rush on Broadway, is attracting more attention than has ever been displayed by the general public in any new model car The radical changes made in the car and the attractive price at which it sells are among the chief reasons for the attention given it here. Another reason is the attractive manner in which the local Star dealer has fitted out his display room. Among the new features of the 1924 Star the following are prominent:

The new body—long, curving stream lines, giving the appearance of greater wheel base. All center posts and fills are one-half inch larger, adding strength. Overlapping doors, with two adjustable rubber bumpers. Side curtains open with doors. Windshield has curved side arms, to conform with the stream line of the body. Wider and better trimmed running board, Crown fenders, heavier and neater. Drum headlights. Front spring bumper.

Radiator—The radiator has been re-designed along new lines, and is vastly improved in beauty and symmetry. It is a Fedders radiator, and of oversize capacity. The longer lines and added cubic inches afford greater cooling action to the engine.

Hood—Long, flowing sweep has been added, following the stream line of the body, beautiful in design and harmonizing with the entire outline. Side hood hinges concealed.

Upholstery—The upholstery is more heavily padded and later and larger type of springs are used. It is finished with Hidum binding throughout.

Spark and gas control at wheel, of sector type. Curved instrument board, with dashlight and nickel trimmed instruments.

No Profit Guaranteed

POWER companies in California do not fix their own rates.

Rates are fixed by the public through their well informed agents, the Railroad Commission, which also requires continuous, uniform, efficient service.

The public gets power and gas *at cost*, which includes cost of material, cost of help, a fair return upon the reasonable cost of the property used (out of which interest is paid), and *taxes*. Cost does not include improvident or unnecessary expenditures, or any expenditure of which the public does not get the benefit. No profits are *guaranteed* in rates. Success depends on efficient, economical management.

Service at cost does not mean service *without* cost

No one has invented a method by which any form of service can be given permanently below cost. Every utility service must pay its own way or fail.

But nowhere else in the United States is hydro-electric power so cheap, so abundant, or so commonly used as in California. That is because of natural advantages coupled with efficient management under our system of public regulation.

Montara Lights and Lomita Park Streets Occupy Supervisors

The improvement of the streets of Lomita Park formed the main topic of discussion at the last meeting of the Board of Supervisors. The matter had been pending for some time following the acceptance of specifications for the work. Bids were advertised for and it was found that the bid of the Municipal Improvement Company was the lowest, it being for $211,491. A protest was offered to the board by Dorothy Cutler, signed by 47 property owners of Lomita Park, asking that the work be not done. The petitioners were not opposed to the improvement of the streets, but considered the price too high. Speaking in favor of doing the work was Ray Burket who said that at a meeting held in Lomita Park last week to discuss the matter a vote was taken, and showed 47 to be in favor of the improvement at the price asked, 17 were in favor of not accepting the bid. Attorney Charles Kirkbride of San Mateo also spoke in favor of accepting the bid. The San Mateo attorney has been handling the matter for the advocates of the improvement. After some deliberation on the matter, the board decided to accept the bid, as public sentiment seemed to favor the acceptance and the contract was therefore, awarded.

The matter of charges in the Montara Lighting District was revived at this meeting by the offering by Mark Ryan of this city of a report on the subject. Ryan was appointed by the board at its last meeting to investigate the matter of lighting at Montara. He reported that the ordinary type of Mazda lamp was being used in the district, and recommended that a different type of lamp be used. The removal of lamps from points where not absoluttly necessary would be met with opposition, he felt, but recommended that a revision be made in the contract of the district with the power company by which the lights would only be used from a half hour after sunset to midnight. The recommendations made, according to Ryan, are the best remedy for the immediate needs of the district, only a complete new system would solve the problem, he said, but the cost of the new system would be in the neighborhood of $5,000. The matter was then referred to District Attorney Franklin Swart.

An extension of sixty days time in which to complete his contract of the dam at Bean Hollow was asked for by A. Mattson, and granted by the board.

A communication was received from the La Honda Canyon Promotion Association, protesting against the picking of red berries by visitors, and asking the board to appoint an officer to prevent the destruction of the trees. The board instructed the clerk to write the association to the effect that the county was without traffic officers pending the decision of the courts as to the legality of their employment, and that the board was without power to appoint any officer to protect the red berries.

Attorney A. H. Reddington, city attorney of the Town of Atherton, addressed a communication to the board, asking that the proportion of the money collected for the road fund of township be turned over to the newly organized town. This matter was referred to County Auditor Shields for a report.

Recommendations for orphan aid by the social service commission were accepted by the board, as was a recommendation for aid of a patient in the care of the commission.

Claims of Barrett and Hilp for work on the new hospital were held over to the next meeting, and will be gone over by a committee consisting of Supervisors, MacBain, Brown, and Hickey, Surveyor Geo. A. Kneese, Architect Topke and Ernest Werder, County Purchasing Agent.

Reports were received from A. McSweeny, county tax collector, and Mrs. W. B. Tavelle, superintendent of the county hospital.

There being no further business the board adjourned until next Monday, when a special meeting will be held.

ATHERTON TRUSTEES FIND ORDINANCE INCOMPLETE

The regular meeting of the trustees of the Town of Atherton Wednesday night was devoted almost entirely to a discussion of the building ordinance recently passed by the trustees. Passed with the idea of protecting the residents of the newly formed town from the erection of undesirable shacks and unsightly structures, the ordinance was found to be inadequate for its intended purpose. Discussion, therefore, devolved about the question of strengthening the present ordinance, the better to protect the interests of the residents of Atherton.

The matter of building ordinances was introduced into the meeting by the application of Shearer and White for a permit to erect a number of small sheds for the occupancy of Japanese laborers. The application was made verbally to the board through Trustee Harris, to whom White had spoken for a permit. In his conversation with White, Trustee Harris stated, he had said, that the sheds would be out of sight from the road. Work, however, had been started close to the road, and close to residences of a number of citizens. A verbal protest from a dozen residents of the neighborhood was voiced by Deputy Marshall Cellers. The board felt, therefore, that before a permit should be granted to White & Shearer, that plans and specifications should be presented to the board and examined by them.

In the midst of the discussion of the building ordinance, A. Compodonico, who at the last meeting secured a permit to erect several sheds similar to those to be erected by White & Shearer, which permit provided that the nearest shed should be 150 feet from the road, appeared before the board and asked that he be permitted to erect the nearest shed 50 feet from the road. The permission was not granted by the board. Chairman Ed Eyre of the board advised Compodonico to abide by the terms of his permit.

The result of the discussion Wednesday night will probably be a new building ordinance similar to the one now in force in Redwood City.

An ordinance was introduced by City Attorney Redington, providing for the licensing of poultry ranches at the rate of $60 per quarter year, and limiting the number of fowls that can be raised by any person in the residential section to 250 fowls. Persons raising less than 250 fowsl are not considered as commercially in the business. In the business district any number can be raised without licensing if for the use of family only.

An ordinance which was introduced at the last meeting by Attorney Redington changing the place of meeting to the Menlo Circus Riding Club was adopted. This completed the business for the evening and the board adjourned.

SOUTHERN PACIFIC ADDS TWO MORE TRAINS TO THE PENINSULA ROUTE

The Southern Pacific Railroad Company is to put on two more trains to accommodate the rapidly growing peninsula traffic. Not so very long ago it was the custom of the company to take off trains during the winter season as many of the commuters lived in the city during those months. Things have changed. Now commuters reside on the peninsula the year round. The congestion at Third and Townsend when the morning trains arrive is such that the establishment of an up-town depot becomes an absolute necessity. The traffic cannot be handled. It is almost impossible to secure room on a street car during those hours. The company is thinking seriously of building a depot at Seventh street. This would be the biggest thing that could happen for the growth of the peninsula. When this is done San Matea county will treble in population in a short time.

You cannot expect happy minds and healthy little bodies in growing children unless they get pure, wholesome food, with nutritive qualities unimpaired. And a great many foods positively cannot be kept pure and wholesome unless they are kept in the cold, *even* temperature of a refrigerator.

In such foods—milk, for instance—germs multiply rapidly when the temperature reaches 50 degrees, and the food loses much of its value, even before it actually spoils.

There is one safe rule to follow when there are children in the house—keep your refrigerator well filled with ice every month in the year.

Cleaning Without Odor by the F. Thomas Process

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

NEWS OF MENLO PARK

The many friends of Mrs. Charles A. Shurtleff are pleased to learn that she has recovered from her severe illness and is able to be about.

W. T. Casey, the well-known sportsman, on returning from a hunting trip across the bay last Sunday afternoon encountered a huge man-eating shark on the shell banks of the bay, near the Dumbarton railroad bridge. Casey was in a row boat and espied the monster fish in about two feet of water endeavoring to reach the deep channel of the bay. The tide had receded leaving the fish in the shallow water. On seeing his pursurer the shark at once put up a battle. Around and around the boat he swam occasionally darting at his foe with the viciousness of a tiger to meet a well-directed shot from his antagonist. Fourteen of those caused him to turn up his stomach and surrender to his conqueror. Mr. Casey towed the leviathan to the mouth of the creek where he was loaded on a launch and brought to the home of William Carnduff. The shark weighed 250 younds, and was twelve feet in length and two rows of needle-like teeth. Mr. Casey and Mr. Carnduff have traversed the marshes and bay since early boyhood and this is the first time either has seen such a shark. Hundreds have motored during the week to the Carnduff place to view to remains of the monstor shark.

Mrs. Cora Parker during the week met with a very painful accident. She was leaving the home of Mrs. P. P. Eyre at Atherton when she stumbled over a cat and falling heavily to the porch suffered a sprain of her right wrist which will confine her to her home for some little time.

Mr. Mark J. Loughlin, the popular assistant agent, has returned from a three weeks' visit to Los Angeles where he went in search of health. He is much improved and has returned to his work.

The fire department was called out Tuesday to subdue a grass fire on the Alameda. Think of it grass fire in the latter part of November. Our eastern friends will hardly believe this, but it is a fact. Yes the Menlo Park climate cannot be equalled anywhere.

Some years ago the State Game Warden "planted" a number of pheasants along the marsh land in the vicinity of Ravenswood. They have multiplied until the birds may be seen in all the fields and tall grasses in that locality. The birds are well protected by the game laws, the penalty being very severe for violations of the law. It is to be hoped hunters will refrain from shooting them as they would be easy prey to nimrods. The birds thrive in the low lands and in time Ravenswood may be known as Pheasantland.

Cato, the philospher, was correct when he said: "I think the first virtue is to retrain the tongue; he approaches nearest to the gods who knows how to be silent even though he is in the right."

There was a large gathering at the Trinity Episcopal parish house last Monday night when representatives from the parishes of Los Altos, Palo Alto, Redwood City and Menlo Park were present to form an inter-parish association for the mutual benefit of all. Rev. Ralph Smith, the pastor of Trinity church, called the gathering to order and in a brief and nicely phrased speech set forth the aims and objects of the association. W. H. Weeden was chosen president of the club which will meet from time to time at the respective parishes when enjoyable entertainments will be had. Joseph Spear, president of the San Francisco harbor commission, was to have been present, but owing to illness could not come. Edward T. Jostе, connected with the commission, took his place and in a neat and entertaining speech set forth the wonderful possibilities of San Francisco's water front. Then followed the films showing the wonderful harbor, the incoming and outgoing boats that sail the seven seas, the concrete piers, the orchards of the fertile Santa Clara valley, vineyards of Sonoma county and Yosemite Valley. The pictures were enjoyed by the audience. The ladies of the parish then served delightful refreshments to the big crowd. The evening was a pleasurable one, thanks to the popluar pastor and the energetic ladies of the parish.

Work on the gardens of the base hospital hasbegun in earnest. Men are busy putting in lawns and shrubbery and ornamental trees of all kinds. The government proposes to expend over $100,000 in this work. In a short time the base hospital gardens will be the show place of the peninsula. The beautiful lawns and attractive flower beds and flowering shrubbery are certain to draw thousands from all parts of the state to see them.

Menlo Park is about to organize a taxpayers league, the chamber of commerce is making a vigorous campaign for new members and an improvement club is going to be organized by the new residents. With all these organizations active Menlo Park ought to experience an awakening such as it never had before.

The companions of the Forest, Menlo Circle, announces a card party in Duff and Doyle hall December 18. A number of turkeys are to be offered as prizes. This will be a splendid opportunity to secure your Christmas bird. Come and try your luck.

Today all roads lead to Berkeley. The big game between Stanford and Berkeley will draw heavily from this community. The contest marks the opening of the large bowl at the latter place, having a seating capacity of 72,000. As all the seats have been disposed of at $5 and upwards it may be seen what the profits of the game will be to the state university. During the week Stanford players have been puting on the finishing touches to their practice, and are fine and fit to meet their antagonists on the gridiron today. The big rally and bon fire at the campus on Wednesday evening was largely atended by admirers of the Stanford eleven from all parts of the peninsula. This annual affair is always looked forward to by the students and faculty.

H. H. Bearce, the recent purchaser of the Menlo Pharmacy, has leased the Roth cottage on Chestnut street, near Santa Cruz avenue, and has moved his family from Gilroy. Mr. Roth is building up a splendid business by his uniform courtesy and the fine service he is giving his patrons.

Father Valentine F. Austin, who died in San Francisco on Tuesday and was buried in Holy Cross cemetery, Colma, yesterday, was well known in Menlo Park. Father Austin was one of the five young priests ordained at St. Patrick's Seminary last June. He came as a boy to the seminary, spending twelve years in the pursuit of his theological studies there. It seems sad that just as he began his life work, for which he had been so well prepared, that he should have been taken suddenly away, but there is an allwise Providence who knows what is best. Father Austin was a very bright young man. His friends predicted a successful career for him in the priesthood.

The Alhambrans of San Francisco will stage a vaudeville entertainment and dance in the Hall of the Nativity next Tuesday evening for the benefit of the Church of the Nativity. An admission of fifty cents will be charged. A four-piece orchestra will furnish catchy music for the dance that will follow the performance. The Alhambrans are high class performers, and those who attend the enterfainment are sure to get their money's worth. Don't forget the date. Be on hand early for seats will be at a premium.

Miss Hazel Loiraine Horst, the beautiful young society belle, daughter of E. Clement Horst, wealthy California hop grower, died at her hame at Los Altos, following an illness of two years. The young lady was a cousin of Mrs. J. B. Coryell of Atherton and often visited there. She was 25 years old and is survived by her mother and father, two sisters, Helen and Beatrice, and a brother, E. Clemens Horst, Jr.

Bruce Harper, a bright grammar school boy, passed suddenly away while watching a football game at the local public school last Friday morning. A companion noticed the twitching of the boy's face and before he could summon aid, he sank to the ground. A Palo Alto physician was called and the boy we removed to his home where he died shortly after. He was the victim of heart disease from which he was afflicted for some time. He was fourteen years old and lived here with his parents. Bruce was a kindly, loving boy, admired by his schoolmates and teachers alike. Schoolmates acted as pall bearers for the unfortunate youth.

Mrs. E. J. Vasey, a prominent resident of Livermore, is here on an extended visit with her daughter, Mrs. A. E. Blake.

REDWOOD CITY'S OPPORTUNITY

AN INVESTMENT IN DUMBARTON BRIDGE STOCK

The same Redwood City men who so strongly advocated and worked for the Dumbarton Highway Bridge are now banded together into a local organization, which has set for its goal the selling of Dumbarton Bridge stock to the people of Redwood City and vicinity.

No question of doubt ever came into the minds of these men who have studied this enormous problem from every angle. They have stood for the establishment of this great traffic artery just as firmly as they now stand back of this stock-selling venture.

The soundness of this project is based upon the ever-increasing automobile traffic on our public highways, and the need of a quicker and more satisfactory transportation artery for San Francisco, the city which has long suffered from the lack of adequate traffic facilities. The Dumbarton Bridge will help to break the "neck of the bottle" for San Francisco.

The Dumbarton Highway Bridge Corporation is a California corporation, with an authorized capital stock of 25,000 shares selling at $100 par value. Subscribers to this stock have preferential cumulative dividend rights of 7 per cent. The law of the State of California permits net earnings of 15 per cent over and above the cost of maintenance and operation—when the earnings reach 15 per cent the tolls will be reduced.

The Dumbarton Bridge Association has thoroughly endorsed the selling of this stock. This is a civic association organized by and consisting of the civic bodies in twenty-nine cities of southern Alameda County, Northen Santa Clara County, San Mateo County and San Francisco. This body has tested by thorough investigation every phase of the project—its feasibility—its economic importance and its financial structure—and endorses it unequivocally, and they now appeal to the civic, business and economic organizations of San Francisco and the Bay cities for their support.

The success of this enterprise will benefit the entire Peninsula—every property owner will reap his share of the prosperity, as well as the conveniences, this venture will make possible.

The success of Redwood City's part in this great work is in the hands of these few local workers. Ask them for information and advice—you will be under no obligations. Remember, you are dealing with Redwood City business men—your success is theirs!

This stock is priced at $100 a share; cash or installments. If you are interested, Phone Redwood City 355 or fill in and mail this coupon.
